I spoke to Franc this morning, and PWE had approved. Franc and Lauren, can you check on this as you are currently at City Hall?

Thanks,
Weston

Hi Weston and Lehua – any movement on the playground permit? Let me know when they are ready as our contractor is laying things out and wants to dig hole and call for inspections soon.
Thanks

Hello Mary,

Thank you for the message, I will look into this permit this morning.

Weston

Hi Weston - As director - can you find who has this and sign and move it along. The site was prepped as part of the Harry Todd Improvement project so no site development plan needed for this - however we did include the site plan so

you can see where it's going. Just digging and filling some holes. Thanks for helping - this is one of the last things we need to do to open the park - July 4th will be here before we know it.
Thanks Weston!

Mary,

The building review is complete.

PW review is pending, we can issue permit as soon as PW approves the permit.

Thanks,

+++++

Thanks Rafik for listening today. I know we're all stretched so thin and our expectations of last minute requests for you to drop everything to meet our deadlines is not always realistic. We are hoping to start layout next week. I know you'll do what you can. Thanks!

Mary

Mary,

Mary,

The application was submitted 6/7/2021, less than a week in the office.

The application is in the queue for review with other applications submitted prior to the application.

What's the deadline for installation?.

Any word on this building permit? Sorry to be begging for extra effort again. we just need to get this project built so we can open the park for the Tillicum kids this summer if we lose our building window we may not be able to do it till fall as schools start taking priority. Let me know what we can do to help. thank you
Mary
